

COVID-19 Protocols

Your physician's new look

Depending on your appointment type, we may ask you to wait in your car and call when you arrive

The American Academy of Pediatrics recommends routine well child visits during this time

We will ask some COVID-19 related screening questions and take your temperature upon arrival

With options like telehealth and curbside strep testing, we will help you make an appointment that suits your needs

Please social distance in our clinics; maintain 6+ ft. of distance when possible

Please reschedule if anyone in your household has been sick or had an exposure to COVID-19 in the last 2 weeks

We have removed all toys and books from our office, please bring a toy or book from home

Only one parent or guardian per visit

We are open Monday through Saturday including evenings to provide care for your family

Masks for everyone ages 2 and older, please bring a mask from home
